“ Great guy! I met him in 1988 when we worked on the same crew at Peach Bottom. We would bump into each other once in awhile after he left Peach. The last time was at The Rawlinsville Inn. He was the kind of guy you would want to sit down and have a beer with. He’s also one of the smartest people I’ve ever met. He taught me a lot about the power plant when I showed up. Unfortunately we only got to work together for a few years before he transferred to the dam. So many stories. He had a heart of gold. Proof that you can’t judge a book by the cover.

“ Mike was a good guy to work with, a knowledgeable, and hard worker with a good heart. He encouraged me to get into Hydro over 28 years ago, which I did, and for which I am very thankful. Mike was strong on fairness and stood up for others. He was very adventurous and went places and did things that intimidated most other people. Mike will not be forgotten. May God bless his family and give them comfort.

“ Bill and family. My condolences. Unfortunately, I had lost touch with Mike the last several years. Tried to get him to join Jim Summers, Bob Lewis and my brother Ken and I for some lunches, but he could never make it then moved and changed phone numbers. Last I spoke to him was after he had retina reattached after first surgery. I've missed (and will miss) his humor and wit and the good times of our youth. I hope he had a peaceful end and that he did not suffer. I know funerals are being limited to ten people these days but if that has lifted by the time you have his services, I will be there. It is the least I can do in honor of my best man (in many ways). Chuck Blumenstock

“ My condolences to Mikes family. I worked with Mike at Conowingo and Muddy Run and we had some really good times. He was a great fellow worker who was very knowledgeable about his job. He was always great to be around. God Bless.

“ My deepest condolences to the entire Brown family for your loss. I met Mike & Penny thru a mutual friend, Liam Andrews some 30 yrs ago. He was a smart and caring man. Not long ago I would see him walking and give him a ride to wherever he was heading. I will miss that. We always had good conversations. You don't have to fight any more pal. R.I.P. my friend!

“ Bill and family, this is so sad to hear the passing of this man who brought a great deal of joy to so many! His heart, his humor, and his laugh were immense and I'm sure they will be missed by all they touched and inspired. He was such a caring friend to me in high school and the following years but unfortunately our lives went in different directions. I've always respected and enjoyed his intellect, especially when he was slinging it around in conversation and debate. He is the only man I know and or will ever know with the balls to

go into a lesbian bar in search of a date! I will remember him in my prayers! Rev. Mark S.
