“ I was so shock when I heard the news, Im gonna miss you my lady, you're the sweetest lady I've ever took care. I will miss you saying "I love you" to me and me responding I love you too. I will miss you sharing your chocolates and candies to everybody. I will miss everything about you, the good times that we smiled about and those bad days that we both dealt with and said "we're good for each other." You always had the sweetest smile, even I knew you were in pain.

I love you, my dear, everybody know you are my favorite lady. Im the saddest CNA when you passed, but I know wherever you are now, you're comfortable, no more pain, no more suffering, and most of all you are now with God and reunited with your husband.

May you rest in peace, Alice.

*With all the love,
Tina*
