“ *So sorry for your loss. I only recently learned of this news. I will never forget the fun I had working with Brad at a downtown restaurant (Andrews) when we were in high school. We shared our interest in music and played tennis on weekends when we could. It was like we played against ourselves because we were a perfect match regarding tennis skills. Lost track of each other after high school but will never forget our friendship.*

“ I met Brad when he was a teenager and we remained friend for more than 40 yrs, through the good and the bad. It was a joy to watch him grow into a hard working man and father. His family was always so special to me. Our last visit was a testament to his strength and humor. RIP my friend.

“ My deepest sympathy goes out to Sandy, Joan and children, on the loss of their beloved husband, son and father. Brad will definitely be missed but never forgotten. Brad and I worked together on grounds at the VA and there was a lot of humor in our days. I am still using one of his one liners, "30 or 40"! We had lots of laughs and I will never forget those times. I pray for God's peace and comfort over Brad's family during this time of bereavement.

“ Brad was my cousin and I loved him to pieces. We shared so many memories growing up. I'll remember those and cherish them always. To Sandra, It was so nice to see the love and respect you both had for each other. Thank you for taking care of him until the end. He deserved someone like you in his life. To Joannie, my heart aches for you. I can't imagine what it's like losing a child no matter what their age. Remember all the memories you both shared together. You were a good Mom to him always and a good friend. To Rick and Cindy, my heart aches for both of you too. We all shared good times with Brad and I know it was a blessing in the end but a sister and a brother bond are special bonds and I know you are both hurting. To all of you. Please accept my heartfelt sympathies and know I am thinking of all of you during this difficult time. It was a blessing and an honor to know Brad and I'll always think highly of him.
