“ I had the pleasure of coaching Cheryl in basketball through Special Olympics. I first met her in 1990 when I joined the program and I consider Cheryl to be my "first athlete" that I really connected with and had a ton of fun. She taught me as much as I coached her and am eternally grateful for having known Cheryl. My sympathies to her family and pray that your memories of love and good times can help ease the pain of her passing. Sincerely, Lynn Lopez
