“ My grandpa was always worried about everyone else!! He was the most selfless person I knew. As a child he would play with me. He would always blame me for his baldness because he would let me put his hair in curlers! As an adult, I could talk to him for hours. He would give me the best life advice, and I would sit there and soak it all up!! He was the best conversation! I will love you and miss you always pappy!!
