“ I had the privilege of being Dalton's second grade teacher. He is a student that I will never forget. His bright blue eyes and big smile were hard to miss. Dalton loved to share stories that often started with "I know you're not going to believe this, but..." He loved exploring the outdoors and playing in the creek by his home. Dalton will be greatly missed by so many. He left a lasting impression on our hearts. His family is in my thoughts and prayers.

“ I have fond memories of you telling me about your adventures at your Briertown Road home. Whenever I think of former Blue Ball students, an image of your smiling, impish face pops up. It is so sad for your family, friends and former teachers to lose you so soon. Your memory lives on in my heart.

“ Dalton was a student in my class during my second year of teaching. I remember his class well. I remember Dalton as a spunky, sweet, and very sincere first grader. He was also adorable :) I just loved how he stuttered when he got excited to share a story. I am so very sad and sorry to hear of his passing. I will be in prayer for all those Dalton loved and left behind, surely it is a deep loss.
