“ I'm truly sorry to hear of Dave's passing, I wish I would of have known earlier of his passing. I worked with Dave at Ultra Tune in York back in the mid 80's. Dave I owe Dave passed his knowledge on to me. I fresh out out of auto and diesel trade school. I was instrumental in my 25 years as automotive technician. I will always remember the days after work stopping for a few beers after work at wiener world. Dave was truly a great man thank you for everything you taught me RIP my friend & mentor.
