“ *Hi, Denny was the Pastor of my church, Conestoga Methodist back in the late 60's early 70's. He was very important to me in that he counseled me when my mother died. I thought of him often. I saw that he died in an article in the Lanc newspaper about a merger between RRTA and Barta. I read the article thinking I could find info about him. Well I sure did. Wish I would have known, would have come to the service. Many good memories, fine man. So sorry for your loss.*

“ To the Family & Friends of Dennis, I was stunned and deeply saddened to learn earlier today that Dennis passed away earlier this month. He was a special human being who I met many years ago when I worked for the transit agency in Pittsburgh. Over the years, we became good friends and I always enjoyed catching up with him at the APTA conferences. He was always cheerful, energetic and bubbling over with enthusiasm. My hope is that many fond memories will help to sustain you at this most difficult time. He and all of you will be in my thoughts and prayers.

“ I am so sad to learn of Dennis's passing. He was a dear friend and colleague for over 30 years. We worked on many transit activities together, laughed together and helped each other out on many occasions. To say that Dennis will be missed is truly an understatement! He will not be forgotten. His work at BARTA will benefit Berks County residents and businesses for decades to come. He is a man who truly left his mark in a most positive way.

My condolences to his family. He will be missed by all who knew him. Rest in peace my friend. Rest in peace.

“ Dennis was a leader within both public transportation and the transportation industry. I met him on my first day of working for SEPTA and considered him a mentor and friend for the past seven years. His knowledge, leadership, integrity and friendship will be missed by all who had the opportunity to know him.

“ I am so sorry to hear about Dennis's passing. My heart goes out to his family and those close to him. I knew Dennis for many years as a colleague in our industry. Although I only met up with him at transit conferences and meetings and didn't know him personally, I always thought he was a very nice and kind human being. Dennis was a consummate transit professional and a gentleman. I know that those closest to him will miss him dearly. Transit lost a great leader and we too shall miss him.
