“ *Thinking about Uncle Dennis and his great singing voice/ guitar playing. I remember him singing with the barbershop singers in the 70's-80's? It was obvious that he really loved it. My condolences and sympathy for your loss.*

“ I am stunned. And saddened by the loss of such a dear man. Dennis was a kind and gentle soul who held great regard for everyone. There are not too many like him in this world, and the world is an emptier place without him. My sympathy to his family, to his wife, to his friends, and to all those whom he touched in this life. Peace be with you my friend. You had a special place in my heart. Tell Shirley hello for me.
