“ I worked with Fred in the '80's at DuPont Connector Systems at the Fishing Creek site (also knew his brother Tom). I was in manufacturing and Fred was in the Site Technical group and was our troubleshooting "guru". He and I also traveled to our Besancon, France, site. I do recall having to carry his baggage during a very quick train transfer, so the he could move faster from train to train....as I recall we were laughing so hard!  
I looked up to Fred as he had a great mechanical mind and taught me many things.....he was great asset to the company.....I'm sure he will be sorely missed by his loved ones.  
My condolences

“ To the entire Demler family, I am so very sorry to read this news about Fred. I remember Fred from our Berg/Dupont Electronics days. Being a very talented field service guy, Fred was a wealth of knowledge on the job. Quick wit and always fun to be around. We had a lot of conversations, not only about work but, because I have family and friends in Texas, also his custom Luchessie boots. Fred was one of a kind for sure. Please accept my sincere sympathy at this very difficult time.
