“ I had not seen Jerry since 1962 until our paths crossed on day at Susquehanna Nursing and Rehabilitation Center where my mother and sister now reside. Jerry was being taken back to his room from some common event many attended. I heard someone say his name and caught up to them just to say hello. We had a brief chat and Jerry went back to his room. I had (and still have) good memories of Jerry from our days at Penn Manor--even though he was a year ahead of me. My condolences on his passing.

“ I love you Dad, always have and always will! I grieve for myself that I will no longer see your beautiful, smiling face here on this earth! But, I am so happy for you that you are now out of that sick and painful body and walking hand-n-hand with the Lord in Paradise! I know of no one who is kinder, braver, stronger, loving, sincere and as generous as you were! I have never heard you raise your voice in anger or complain about anything (even when it was justified, even when you were dying), not even once in my entire life! I can only hope to aspire to your level of greatness! You had the best attitude, always seeing the cup-as-half-full about everything and everyone and I know you are in the upper-echelon of Heaven; in a perfect body and with loved ones who went before you. Thank you for always being my ROCK and lifting me up when I couldn't do it for myself! And, for being a terrific and loving grandpa to Vaughn, who always loved you dearly. We will all ache in our hearts and miss you until we meet again. We love you dearly! Holly, Jimmy and Vaughn Dankers

“ I am saddened to see that Mr. Keperling has passed. I was his eye doc for many years and always enjoyed chatting with him.
