“ *I had the gift of working with Guy at Topflight Corporation for almost 22 years (he retired before I transitioned out of the corporate world). Always generous with uproarious laughter, kind with words of encouragement, and engaging in conversations of any and every kind. It is a joy to celebrate the precious gift of his life and the gift of our paths have crossed in this life. I am so very grateful. With utmost respect and regard, Connie (Kennedy) Leachman.*

“ *I worked with Guy for many years at Topflight. He was a great sales rep and a friend to all. His dynamic personality was the key to his success. I spent a few times with him parting on his boat, the respite. RIP Captain. Mike Harvey*
