“ Grandma J, Not a day will go by that I won't think of you, you were my best friend and shaped me into the woman that I am today. You gave me my name as my mom was going to name me Constance thank god you stopped that one. Also you were very good at being an RN even outside of your job taking care of me when I was sick. You were always there for me through thick and thin. I will always remember the memories we had together with you an aunt Jill on our shopping trips, to Christmas's with you and birthdays, you were always trying to give me the best growing up and always had a very funny sense of humor. I love you to the moon and back, tell pappy I said hi, and I know your watching over me forever and always, until we meet again xoxo. I love you, Ashley
