“ My condolences to JC's family. I was his family doctor for probably 20 years, and then i became his friend. What do i mean? Up until he got his Ventricular Assist Device, i tended to his medical problems, with specialist consultations. After he got his VAD, the heart clinic took care of most of his medical problems, but he continued to see me on a regular basis, just to chat. He was such a joy. When i told him i was retiring and moving to Israel, he told me he was leaving the practice because he got all his health care from the VAD clinic, and he was only coming to see me. that was probably one of the nicest things a patient has ever said to me. he was one of the special ones.

“ *Pompey Family:
I graduated from JP McCaskey with JC in 1976. I would see him around the City a lot and he always stopped to talk. We used the Brunswick for retirement parties for years and JC was always our bartender. He was a very nice man. I’m sure he’ll be missed by many.*

“ *I'm so saddened to here the news of JCs passing. My time working at BJ's was brightened when this man greeted me and told me I was going to have a good day. We had many laughs and wonderful conversations. He was very loved by everyone who met this wonderful man. I wish I could be there to say my goodbye. My prayers are for anyone who loved or was loved by this man. Rest in peace.*
