“ *Larry was a great employee but most of all he was a friend. He was always the first person in our offices every morning and he always had something to share whether it was a funny story or something that he did in the evening or over the weekend. Larry will be missed by all of us. His family is in our thoughts and prayers.*

“ I am so sorry for the loss of Larry! He exuded caring and love toward his students. He was more worried about them than himself after the accident. I know that he was ushered into heaven with open loving arms. What an incredible soul. He will be sorely missed.
