“*Mr. Ulrich so sorry you lost your beautiful daughter. Your family is so closely associated with Long Lane Farm and our very fond memories. Jimmy often spoke of Laurie and of course the very close relationship of my Mother and Ann who passed within two months of each other. My heart hurts thinking of Laurie. Love and hugs. Karen Sorensen.*

“*I was a facebook friend of Laurie and got to know her there. I loved that she was a fierce animal rights advocate-from the smallest to the largest animals on the planet. She also supported doing what's right for our country, She had a great sense of humor too! She was kind and caring too and would lend her ear to a friend. We all really miss her!*

“*Laurie was a very special friend to me for so many years. She literally was a lifesaver to me during my most difficult times. we laughed, cried, shared, and had many late night conversations because we were both night owls. Laurie's contributions to our world were plentiful, and she never really knew how much of a positive impact she made. I still can't believe she's gone, and I will miss her forever.*

“ A very passionate advocate for what she believed in. A creative person who never let a challenge go by without conquering it.

“ Laurie was my lifelong friend. We met in 5th grade and Laurie always made sure that we stayed in touch and stayed close. I am forever grateful for her friendship. Throughout her life, Laurie was a voice for justice, kindness. She taught me more than she will ever know. I still have not accepted that she is gone way too soon. I still try to call her or text her and then remember why I can't. I will forever miss her quick wit and intelligence.

“ Laurie and I met in 1978 freshman year at Penn State. We had such great times- going out for Mexican or Indian dinners, antiquing, sobbing through Field of Dreams in a crowded theater, protesting circuses, watching Sex and the City at her place because I didn't have HBO... for 47 years.....Time, distance and life just marches on but I always felt connected to her.... Now it's gone forever and I still cannot believe this is the new reality for all who loved her

“ Too many memories to begin recounting. We are just struggling to accept this new reality of not having Laurie in our lives. (her father and his wife and her brothers.

“ Laurie was an amazing person. She was a voice for the animals and her love of crows is how we became friends. She loved her dog more than anything and I'm sure her sweet pet misses her deeply. I will miss her. Jenny Heberlein
