“ *Leroy was a great friend to everyone on Friday afternoon van (Charlie Hess). prior to the Covid 19. Always called the guys that joined the van on Fridays after sale that the Boys are calling to join us. We all liked to harass him about leaving by 4:00 so he can go to feed or leave the dog out. Loved hearing about his car that he had restored. When we returned in January of this year Charlie and I were both pleased to have Leroy on the same van. He said he probably would not have stayed if we hadn't been together. I really miss him 😭. Rest in peace from the Charlie Hess van. The love of Jesus, NancyMyers.*

“ *Sympathy to LeRoy's family, you have many memories (good and bad) that will sustain you through the coming days and years. LeRoy and I attended 12 years of school together (from Cleona Elementary to the Greystone). Always enjoyed running into LeRoy, especially at the Hoss's ACHS get-togethers. He and I would exchange barbs, in good fellowship and friendship. I will miss seeing him. He was one of the good guys.*

“ When we bought our first Great Dane LeRoy was in charge of weighing her. Every time he'd come over he'd pick her up and stand on the scale. That continued until he couldn't pick her up anymore and was almost falling off the scale trying to hold her. I'm so sad I never got a picture of that. The bigger she got the more ridiculous he looked trying to manage it but he gave it his best shot every time. It's the funny little memories that come back at times like these. That keeps a loved one in your heart and brings smiles instead of tears.
