“ *I am so very sorry to hear of Linda's passing. I worked with Linda at Lancaster General for many years. Every time we saw each other, she gave me a hug and often times I needed that hug more than she knew. I loved hearing stories about Lauryn, she was so very proud of her granddaughter and she would smile from ear to ear when talking about her. Linda was a beautiful person and I'm lucky to have had the chance to know her. Sending the family love in this time of loss and grief.* ”

“ Linda was always cheerful, despite working extra shifts frequently when I worked with her in the ER. Her genuine kindness was so helpful in making people feel respected and understood during stressful waits for service or information. She went out of her way to have coloring pages, stickers, and crayons for children who needed something to do and enjoyed talking about her family. Linda was everybody's friend and will be missed. “ Linda was the perfect person to work in Admissions in LGH. Her loving and outgoing personality always with a smile and a kind word as well as a great sense of humor certainly eased the worries and stress of all the persons she came in contact with as she helped them completing their admissions paperwork as they soon would have a medical procedure.

As a friend and fellow worker at the hospital, I will miss her so much. She was such a bright light that I always hoped I would have a chance to chat with her as I went about my duties throughout the day. God will take good care of her as she believed in him and carried out his work here on earth.

Linda, thank you for all the wonderful memories of you. I shall always cherish the times we enjoyed talking about all the Disney characters. 🙏 🤔 Gordon Bateman, friend and colleague at LGH.

“ I worked with Linda for a short period of time, but in that short time she made such an impact in my life. Her laugh and her compassion for her patients and her love for her family and grand children. She gave me a hug every morning and little did she know how much i needed those hugs. She will be greatly missed.
