“ *I will always miss visiting you every Sunday when I was younger and how you would always have the biggest smile on your face when we would walk through the front door. Your smile would light up the room. You brought the family together for the holidays and always made sure there was all the food one could eat. I miss you everyday and I know you are with grandpa and you both are still watching over your family. May you rest in peace and be remembered always for being such a loving and caring person. Love ya grandma. Christopher Wolfe, son of Doris.*
