“ *What a kind soul taken from the world I met this lady in the late '90s when I started working for AA electric and supply and had the pleasure of doing business with Cindy and Jay over the past 25 years The pleasure was all mine they were the best of the best as far as people are concerned they will be truly missed and my heart goes out to Nathan they raised you right Nathan and you turn into a good man keep doing what you're doing and you'll always make them proud they both loved you very much and that love never goes away I can tell you this because I experienced this you could take a person away from the world but you can never take them from your heart so may God be with you through these rough times just know you can always call on me if needed in closing I will say today I know both Jay and Cindy are together and in a better place May God bless their souls so they can rest in peace*
