“ *I only had the pleasure of knowing Mary for a few years, but I will never forget her. I met her at Cedar Haven and right away I thought she was a special lady and still do.*

We had coffee together and chatted often. She was very interesting, I learned a lot from her, and enjoyed her witty sayings.

My favorite memory is going to the circus with her the last two years.

I am really going to miss her.

“ *I was named after Mary whose parents were friends with my parents. Whether it was for holidays or celebrations, she was part of our family. Mom and she were friends for over 70 years. Mary knew everyone of us, in addition to our nieces and nephews, as we were all growing up.*

She always looked the same, always pleasant, and never said a mean word about anyone.

We will miss her, but I know she is up in heaven with her parents and ours. We were very fortunate to have her in our lives as long as we did.

Rest in peace, Mary Lou. We love you!

“ Mary was a great friend. I new her since I was 6 or 7 she has watched me grow up and now I'm 26.I would see her walk her dog ginger. And then as I got older I would go shovel her sidewalk she would try to pay me but I did not want it but I took it anyways.I would also fix her TV and I helped her with her favorite thing catch bats that flew into her house.and through mary I met a lot if great people.I guess u can say if she needed something I was there. Then when she went to the locol hospital I went up there every day to see her and even if I had to work at night I would come home from my day job shower throw my other stuff on then I would run up to the hospital to see her. I only missed a couple of days. When I went on a vac. Then I can home and then a couple weeks later she went to cedar haven were I visited her a couple if times. Then I heard she was sick and I went up every day to sit with her.even though she was sleeping have the time. All I can say is I'm going to really miss her. And I have to walk by her house every day so when I look at her house im going to think of her all the time. And when she was in the hospital and at cedar haven she told the nurses I'm her boyfriend. Even when she was sick.she told a nurse that.I used to sit with her and wach movies and sometimes eat cookies with her. Also I would go up every night to help her take her other dog holly out to use the restroom.u won't find another person like Mary.
