“ I am in shock to hear about Mike's passing. I've been friends with him since 1999. He was a year older than me in high school and was one of the first friends I made when I got to high school. He always had a kind thing to say and a smile on his face. I've been impressed over the years by his many adventures and loved seeing him succeed. I always knew he would. My thoughts and prayers are with you all as you go through this rough time. I will miss my friend. Until I see him again...

“ *My prayers and sympathy to the whole family. Mike was a guy that would help anyone and really enjoyed people. Mike was a fisherman along with my son who truly enjoyed being around Mike . They seemed to be able to relate to each other. Mike also helped us at the Conestoga wagon when our computer system was down he happened to be there at the right time and jumped right in and in no time at all he had us up and running again! May God fill your souls with love and kindness!
