“ *I only met Mike a few weeks ago. But walking into the room, it was immediately apparent that his personality made him the focus of the group. It was amazing how quickly he made you feel like you fit in. The guys would tease him about how much his Mom would do for him, including buying beer. I thought that said a lot about how great a son Mike is. He is sorely missed!*

“ Wow this is still unbelievable. You are such a great guy. Very caring and friendly. We chilled a lot in school but lost touch over time. But whenever I would see you we still talked like the time was never lost. You will be missed by many. R.I.P Mike we all love you and we will see you again one day.

“ Where do I begin... I miss you Mike. Each day gets harder but I can't help but smile when I think of all our memories together. Mike was one of a kind. I am so thankful I had the chance to be friends and coworkers with such an amazing person. Work will not be same without you and today was hard. I looked for you at our "let's not work" hang out spots. I struggle when my son wants to play video games with you and kill zombies and I can't call you to come hang out. But, I have those memories and I will always cherish them. All the things you've ever given me while helping me move or whatever, I will always have to remember you by now. So many memories I can't even list them all. I pray for the Hickey family and I pray things begin to hurt less as time goes on. Mike was such a happy person, always full of life, and always smiling ear to ear... I will never forget that. You will be missed by so many people who loved you.
