“ *Very saddened to read this. Mike and I communicated through Facebook and often talked about how it's was a long time since we saw each other at Nanny and Pop-pops house. Mike was very religious and optimistic. He was adamant he was going to beat this cancer. I admire his optimism. God bless you Mike, we will meet again. My sympathy goes out to his daughter. I never met you, but he spoke of you. Life is way to short!!*

“ I, along with my other siblings, fondly remember all of the times we gathered at Nanny & PopPop's house and getting spend time with Michael.

Michael was so kind to stop by and visit our mother's room while she was in the hospital, which she and my siblings greatly appreciated.
