“ *Richard will be greatly missed. He was always such a caring person and willing to help out whenever he could. He was taken from this earth too soon but am sure he has found his rightful place where he is happy and healthy. Always looking over those he cares about with that wonderful smile he showed so often. I will miss you, Richard, and the friendship we shared. Rest In Peace my friend.*

“ My Dear Big Brother that I loved and will always remember. He will be missed more than I can say in words. He had the biggest caring Heart, his Love for all his Family showed and being with them on any occasion is what he always wanted to be doing... always a giving person even when he didn't have much to give he did. Love giving presents, that gave him joy. Great cook and like to make his favorite dishes for family gatherings or a party . Love to party and get together with family and friends, you could see his joy just being around family and friends. Yes, love was fishing with his Brothers and Friends when ever he had a chance. Would do that everyday, loved the ocean and going to Pier to eat seafood. Wow, he really loved sushi and I enjoyed going out to eat with him on visits when he came. And all know he loved music and getting his groove on always wanting to dance. Allot of GREAT Memories to think of with my brother. He will be remembered always and missed alot. My heart will have a candle light glowing for him always. With all my love your Sis Norma
