“ Thoughts and prayers go out to Rod's family. What a great guy he was always had a smile on his face and making people laugh at work. He was one of the first guys I met at Reese and always had a positive energy about him. Things won't be the same without you in KitKat my friend. Rest in peace my brother.

“ *What a great guy..... I met Rodney through my brother..... then met his sisters Holly and Kim. We became family almost instantly. Then came Lisa, our family became even better. So many wonderful memories. I am still in shock.*

My heart goes out to his entire family, I love them all. May God bring you comfort and peace in the days ahead. Rest in the arms of Jesus my friend. You will be truly missed.

“ *So sad to read this, Rod was a good guy, great co-worker and fun to be around. I only knew him through work, but he made it a better place, and that's a rare skill to find in anyone. He will be missed.*

“ I have known Rod for nearly 45 years since our time at Cedar Crest High School (Class of 1983). An unlikely friendship formed rapidly despite our different paths in high school. Rod was somewhat of a “motor-head” and I was the nerdy wannabe scientist. We hit it off immediately and we shared many, many great times together, with season passes to HersheyPark during the summers and weekends at the Casino Roller Rink in Lebanon (nearly every FRI, SAT, and SUN). All through my days of college at LVC and even after I moved to NYC for graduate school, we continued to hang out on weekends. I have known Lisa since the earliest days of their relationship, and sadly, I’ve never met Rod’s daughters; I am also ashamed to admit that we had not been able to get together for longer than I care to remember. Life is funny like that; each person’s path can be very different. Regardless, when we spoke, it was as if there was no geographic distance between us, and the memories we shared always permeated our conversations. Rod and Lisa are two of the nicest people you could ever hope to meet and you would be hard-pressed to find anyone who work as hard as either. I know firsthand that Rod’s love for Lisa and his daughters was timeless and endless. Rod will be sorely missed by all who loved and knew him. May you rest in peace, brother. CJ

“ My deepest condolences to his family. I worked with Rod for 25 years at Butler/Bluescope. We were all very sad to see him leave. He was an ALL around incredible guy. He was my Mother’s helper for a long time on the Shear. She loved him like a son and I know he loved her as well. I’m sure they are catching up on Butler stories in Heaven. May you rest in peace Rod. ❤️🙏❤️

“ My prayers and condolences go to the Clark family. Rod was an amazing man, with an admirable work ethic. He will be deeply missed. He put others before himself, and was loved and respected by everyone in the workplace. Rod taught me what it means to work hard, and for that I am so grateful to have had the opportunity to work with him for the past few years. His sense of humor made him a joy to be around, and overall he was truly a great friend. Thank you for everything Rod, we will miss you so much.
