“ *The image I've attached would have never happened without Steve! Our Oasis was something that we wanted and he in the end created off of our ideas! I've had many phone conversations with him m, meetings at our house and planning on our pool. Steve went over and beyond our expectations with the final project and we can't thank him enough for all his hard work in brining this together! Countless friends, neighbors and others that have swam in it have stated and continue to state how glorious our Oasis is! Steve's the reason why our pool is more then a pool, he created a gathering place for all to enjoy!*

“ Our deepest sympathies to Steve's family and friends. We enjoyed working with Steve on our pool project. He had wonderful ideas and suggestions to make our dream come to life. It was clear to us that he was passionate about his job but also took time to enjoy the people and things he loved, which is really what is most important. May you find comfort in your memories. With our condolences, Bill and Alison Poole

“ *Connelly Family,*

Thinking of you and wishing you peace to bring you comfort, courage to face the days ahead. Cherish all the loving memories that all of you were able to make and share with Steve.

Over the years I had run in to Steve on a couple of occasions. He always had a kind word and smile on his face and that is how I will always remember him.
