“ It is hard to share my most treasured moment with him, be a use I have so many.

Because of his truck driving, I have been in all 48 contingent state by age 13, we have fished high mountain lakes and countless streams, we have walked the rim of a volcano, visited many state parks, been on top of mountains over 14,000 feet, explored ghost towns in the Rockies and traversed many miles across this beautiful country.

Even with his faults, he was the absolute best dad he could be. His presence (and absence) helped make me the man I am today.

I will miss our chats, but look forward to seeing him in the future with his new body.

I love you, dad!
