“ So sorry for your loss. I worked with Butch at Lampeter-Strasburg High School. I will always remember his smiling face and he always had a joke to share. I'll also remember his wonderful homemade peanut butter eggs he would share at Easter time. God Bless your family at this time and know one day you will be together again.

It's been a long time since I've seen Butch, but I'm willing to bet he was still just as funny and kind as I remember him being when I was a kid. He once let me tagalong with Eric on a family trip to Ocean City when I was 17, and I remember being surprised by the fact that he let some rando kid come along on a family vacation, but that's the kind of generous person Butch was. To this day, I still remember Butch driving Pat, Eric, and me somewhere—as he often did—and he started talking about how great it was to lease a vehicle because you could trade it in every 3 years for a new vehicle. I remember that conversation because to this day I lease my vehicle as a result of that conversation, and for the past 15 or so years, every time I've traded my car in I'd remember Butch and smile. It's crazy how silly little moments like that can affect a person well into their 40s.

My heart goes out to the entire family, but especially Pat and Eric; I know how much Butch meant to you guys when we were kids and I'm sure that love only grew throughout the years. It breaks my heart to know how sad you must all be right now, but I hope you think back to all the happy times you've spent with him and let those happiest moments be the ones that fill your memories and heal your hearts.

*My sincerest condolences to you all,
Nathan Weidman*
